### **DETAILED ACTION**

The amendment filed on April 9, 2004, amending claim 20 and canceling claim 22, has been entered.

Claims 8-21 and 23-24 are pending.

### ***Election/Restrictions***

Claims 8-19 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in Paper No. 10.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 20-21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 20-21 are drawn to a glucanase of 248 to 267 amino acids in length, comprising SEQ ID NO:1 (which is 248 amino acids in length). However, the phrase "an extension from the C-terminal of SEQ ID NO:1 up to 267 amino acid residues" is confusing because the claims can be interpreted as having a C-terminal extension of

Art Unit: 1652

267 amino acids. Adhering to the limitation of the maximum length of 267 amino acids, the C-terminal extension can only be 19 amino acids or less.

### ***Response to Arguments***

#### ***Claim Rejections - 35 USC § 102***

Applicant's arguments filed on April 9, 2004, with respect to the rejection of claims 20-21 under 35 U.S.C. 102 (b) have been fully considered and are persuasive. The rejection of claims 20-21 under 35 U.S.C. 102(b) has been withdrawn.

#### ***Allowable Subject Matter***

Claims 20-21 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Claims 23-24 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
